APRIL 22, 2014

Tuesday, April 22nd from
9:30 to 11:30 we will be having our annual
Earth Day Celebration.

The whole Pre-school will be celebrating Earth Day by participating in different activities that will be set up outside on our playground. This year our students will enjoy a fun filled day with hands-on games, discovery stations and a recycled material play environment promoting the importance of open play and creativity. We hope you can join us for a fun filled morning.

If you are available to help with the morning activities please see your child's teacher.

MEDICATION NOTICE

New Horizons is prohibited from dispensing any non-prescription medication of any kind (this includes over the counter drugs such as Aspirin, Tylenol, cough medicine, vitamins, lotions, insect repellents, etc.) If your doctor recommends an over the counter medication for your child we must have a prescription from your child's doctor.

In order for our staff to dispense any prescription medication, a parent must sign a New Horizon's consent form. The medication consent forms are available from your child's teacher. All medication must remain in the original container showing a pharmacist's label that indicates the child's name, type and date of prescribed medication, amount and times of dosage. You may wish to check with your physician regarding long-term dosage for your child's prescription so that you will be solely responsible for administering your child's medication in the morning and evening.

Do not put medication in your child's lunch box! It must be given to a staff member to be placed in a lock-box out of the children's reach.

Class Pictures April 2nd

Class Pictures are a great way to remember your child's classmates, and we know you'll be sure to send your child with a special smile on. Unfortunately, we are unable to schedule re-takes, so it's important that your child attend on the designated day. **Preschoolers whose schedule does not include the day of the photo session should switch a day of attendance that week so he or she can be included in the picture.**

DRESS CODE: This year we are requiring all students to wear their:

"Green New Horizons t-shirt"!

Because this is a class picture we would like all our students to be in our New Horizons Green t-shirt. Those students not wearing the Green New Horizons t-shirt will be given a new shirt and parents accounts will be billed.

Children's Friendships

Studies have found that some friendships formed in the early years of childhood are second only to family relationships in importance. From such findings comes a heightened awareness of the social and emotional significance of friendships when children are young. Enrollment in a preschool program offers children social experiences that might not be available to them in relationships with adults or siblings.

Interaction with and acceptance by peers have long-term effects on a child's life. Preschoolers develop social competence in three main areas: initiating interactions, maintaining ongoing relationships, and solving conflicts with other children.

Early childhood educators value the mastery of skills that lead to social competence. We encourage your children to express opinions and ideas, as well as to respect others, offering them many opportunities to negotiate and compromise within the structure of our program.
