

**NEW HORIZONS COUNTRY DAY SCHOOL  
HALF DAY VOLUNTARY PRE K CLASS  
 NOVEMBER NEWSLETTER**

**FINE MOTOR:** During the month of November the students will be practicing writing their names, addresses & phone numbers. As part of their homework for the week of 11/17 your child will be bringing home a paper for you to help them make a family portrait. This is an important part of our Homes & Family Unit which the students will be sharing with the class during morning circle time.

**LANGUAGE:** As a pre reading skill we will be observing your child's ability to predict story-beginning, middle and ending. We will continue using more expanded vocabulary such as plurals, adjectives and adverbs. We will also be doing activities to emphasize left and right orientation.

**MATHEMATICS:** In combination with our fine motor skills we will emphasize number recognition while practicing our home phone numbers and addresses. We will be reviewing our geometric shapes, sphere, cylinder, rectangular prism, square based prism, triangle based prism and cone. There will be many activities for the students to work on, such as identifying first, middle, last, comparing sets, and counting sets. The students will be doing lessons to help them understand ordinal numbers 1-5. The students will be reviewing the terms: how many, equal, fewer & more than, and how to apply them. The class will also be learning "What a Year is".

**SOCIAL/SCIENCE:** As part of our sharing and caring month we will be talking about families and how we celebrate Thanksgiving and how the First Thanksgiving was celebrated. The students will be practicing table setting in anticipation of Thanksgiving. We hope you will allow your child to help with this tradition at home. In Science we will be reviewing the proper use of farm tools, life on the farm and pond life.

## SHARE YOUR CUPBOARD NOVEMBER 3rd – 7th

An annual tradition at New Horizons has been our Canned Goods Drive. We collect food for the needy families in our community. Your past support of this collection has been terrific and we hope your children won't miss this opportunity to feel the true sharing spirit of the season by giving to those who are less fortunate.

**Donations of food may be dropped off in your child's classroom, the Great Room or the front lobby Monday through Friday, Nov. 3rd thru 7th.**

**Suggested foods:** boxed mashed potatoes, stuffing, canned vegetables & fruits, gravy, muffin or corn bread mix, powdered or canned & milk, pastas and sauce, macaroni and cheese, canned meats, tuna fish, boxed cereal, rice and beans, flour, soups, or juice.

**Non-perishable boxed, canned and plastic containers only.**

## BACK GATE SAFETY

Please do not allow your child to push the **green gate button**. This is for the safety of all our children. Many times your child will run ahead of you - push the green button and run out the gate into our parking lot leaving our gate open. Not only is your child at risk in the parking lot but many times another child will follow your child out the gate.

**CHILDREN ARE NOT ALLOWED TO PUSH THE GREEN GATE BUTTON**

**Please close the gate when leaving. If you are at the gate and someone asks you to let them in because they forgot their card and you are not sure if they are a part of our New Horizons family, please do not allow them to enter. Find a staff member who can verify that they are a member or direct them to the front office off Nebraska Avenue.**

### 5 A DAY The Color Way

By eating your colors every day you will stay fit and healthy. Colorful fruits and vegetables contain many of the nutrients, minerals and phytochemicals your body needs to maintain good health and energy. They also protect against the effects of aging and can help reduce the risk of some of the major lifestyle diseases. Many of the phytochemicals and other compounds that make fruits and vegetables such healthy foods also give them their color. There are many different phytochemicals and compounds associated with the color – so to ensure you get a wide range of them you need to try and eat fruits and vegetables from each of the color groups each day.

A new food may need to be introduced 6 - 12 times before a child decides if they will like it. Don't give up! To ensure the health of your loved ones, serve and encourage **5 A DAY** for better health.

## FOCUS ON FUNDAMENTALS

### Fostering Tolerance and Respect

Children are born without biases about other people of any race, culture, gender, or disability. We sometimes wonder if we can raise our own children free of prejudice. Unfortunately, it doesn't work this way; society's messages are too pervasive. As parents and teachers, we need to take positive action if children are to grow up comfortable with who they are *and* be respectful of others.

We want to work with you to create a program that helps to counter society's messages of bias and reflect the cultural background of all children and families. To begin with, we choose books, dolls, and even pictures on the wall, with an eye to finding balance and showing children what they see too little of elsewhere. For instance, we make a point of showing men and women of all ethnic backgrounds doing a variety of jobs, men as well as women doing household chores and spending time with children and different kinds of families enjoying themselves.

Are we doing all this to be "politically correct"? Not really. We're committed to helping children grow up confident of their own identity and to be respectful to other people and aware of the rich diversity of their community and world.
