FOCUS ON FUNDAMENTALS

On the Road Again

This month your Preschoolers will be taking a look at the world of transportation. It is always an active unit which finds the kids "flying, sailing and driving all around the classroom."

Have you ever thought about how much time you and your child spend in transit each day? With a little planning, your journeys can become shared moments of fun and learning. As you proceed on your errands, read signs around you. Help orient your child by pointing out stores and streets you pass along the way.

After a busy day at school, your child may need a break from the hustle of the schedule. Bring along a light snack or something cool to drink for the trip home. Usually it's a good idea to take a little quiet break before you begin discussing the day's events or focusing on the next stop.

On days when neither of you feels like talking, a couple of sing-along-songs or story book CD, kept in an activity bag, will come in handy.

Games like I Spy, searching for animals, counting colored cars, matching design shapes, looking for out-of state license plates, or inventing rhymes amuse away the miles.
