

# NEW HORIZONS COUNTRY DAY SCHOOL FREE VOLUNTARY PREKINDERGARTEN

**FINE MOTOR:** During the month of March your child will be working on their fine motor skills by practicing cutting shapes, painting at the easel, book making and practicing writing their first and last names.

**GROSS MOTOR:** We will be fine tuning our gross motor skills by skipping, hopping, kicking a ball and walking on a line.

**LANGUAGE:** During our circle time we will encourage class participation with open-ended questions to help encourage comprehension and story recall. This month we will also be working on our rhyming words through music and reading as well as compound words. As we get ready for Kindergarten we will continue with our Letter Recognition, reviewing our lower case letters, word families and compound words.

**MATHEMATICS:** As part of our Math experience we will be discussing the terms “alike and different”. The class will be sorting and putting animals and objects in order by different attributes. Our shape of the month is the Rhombus. Our Pre K students will be practicing counting backwards.

**SOCIAL/SCIENCE:** In our Social Studies we will continue discussing the weather. Our Science focus for this months weather. - What makes clouds?, What makes rain?
